

Limpsfield Parish Council has established a fund to make small grants (up to £250) to local community organisations wishing to improve biodiversity in accessible, public areas of the Parish. If you would like to apply for a grant complete the following details.

	<i>Please use block capitals if completing by hand</i>
1. Name and address of the organisation requesting a grant. 2. Description of Governance Structure, if applicable, and Link to organisation's Accounts (or attach as separate document)	
3. Project Location. Please note: Must be within Limpsfield Parish. Written approval of the landowner must be provided. Projects on private land without public access will only be considered if there is a significant public benefit.	
4. Project Description and relationship to Limpsfield Parish Priorities and Criteria and Tandridge biodiversity plan and objectives.	
5. Grant amount requested. Please indicate estimated total cost of activities included within the project and whether project requires annual funding to be maintained.	
6. How will you show that your project is successful and how will you keep it going in the future?	
7. Involvement and oversight of local entities with biodiversity experience. (e.g. Surrey Wildlife Trust, Woodland Trust, Surrey Nature Partnership, National Trust)	

8. Local School Educational Value and Involvement (if any).
